Poni Hoax

Alone, sex in shadow walks
At home with you
You say you have no control
At all, on you
The world is an empty place
Alone with you

Antibodies, antibodies, antibodies, antibodies
Antibodies, antibodies, antibodies, antibodies

Alone sex in shadow sets
The words, we're through
These words have been such such a waste
My wishes show through
So I will forget your face
Each time we're through

Antibodies, antibodies, antibodies, antibodies
Antibodies, antibodies, antibodies, antibodies
