

## Cherry Love Brazil

### Pony Pony Run Run

I'm heaving every single day  
oh come on baby go by my side  
I wanna be the one who trust in sorrow so come on baby let's say  
"it's alright"

If you know  
I wanna think of you  
tell me what you know  
tell me why why why  
but you know how well  
hey you know  
yes you know  
tonight tonight tonight

I wasted wasted  
'cause on party here last night  
dancing dancing  
staring at you looking for a smile

If you know  
I wanna think of you  
tell me what you know  
tell me why why why  
but you know how well  
hey you know  
yes you know  
tonight tonight tonight

I'm heaving every single day  
oh come on baby go by my side  
I wanna be the one who trust in sorrow

so come on baby let's say " it's alright"

But you know how well  
hey you know  
yes you know  
tonight tonight tonight (2x)
