

# My World Falls Down

Poor Old Lu

oh, how my world falls down  
and how i sink at the sound  
but how i won't shut up

i stay (though my pain it swells)  
i wait (as if all is well)  
i faint (cause i've choked to tell)

i've got my sin and i've got my lie  
am i on my face? got to know who am i  
i'm a stupid man and my eyes are dry

oh, how my world falls down  
and how i sink at the sound  
but now i won't shut up

insane. what say me?  
my God, get me free  
insane. what say me?  
my God, get me free

i stay (though how dumb i be)  
i wait (as He waits for me)  
i faint (cause it's so heavy)

will i lift my hands and die inside?  
i suffocate when i hold my life  
will we throw this out? ya, i need Christ

insane. what say me?  
my God, get me free  
insane. what say me?  
my God, get me free

oh, how my world falls down  
and how i sink at the sound  
and still i won't shut up
