

Sweet Goddess Of Love And Beer

Popa Chubby

Sweet goddess of love and beer

Baby baby I want you to know
How much I love you
How far I'd go
Just to be with you
Just to be near
My sweet sweet goddess
Of love and beer

You stand in your castle
You stand all alone
Locked in your world
Full of heartache and foam
Listen to me baby
My words soft and clear

My sweet sweet goddess
Of love and beer

Sweet goddess
Oh yeah
Sweet goddess of love and beer... (3x)

Baby baby I'm down on my knees
I need your lovin baby
Gotta quench my thirst please
A drink of your lovin
Makes my pain disappear
My sweet sweet goddess
Of love and beer
