

La Dee Da Dee

Porcelain Black

La dee da dee da dee, we like to party
I know you're here 'cause I flirt with everybody
La dee da dee da dee, we like to party

La dee da dee da dee, we like to party
I know you're here 'cause I flirt with everybody
La dee da dee da dee, we like to party
It's all about fun and games until I hurt somebody

Dancing, I'm really not an angel
But I'm not that evil, you know
I'm just so addicted to beautiful feet flow, oho
I'm getting sucked into the night
I'm out here losing control, oh no
Give me wrong or give me right
You know that I can never say no

La dee da dee da dee, we like to party
I know you're here 'cause I flirt with everybody
La dee da dee da dee, we like to party
It's all about fun and games until I hurt somebody
So what you gonna do about it?

Dancing, nearly kissing a stranger
The leavers ask later, you know
Can't help it, I'm attracted to danger
You can be my savior, oho

I'm getting sucked into the night
I'm out here losing control, oh no
Give me wrong or give me right
You know that I can never say no

La dee da dee da dee, we like to party
I know you're here 'cause I flirt with everybody
La dee da dee da dee, we like to party
It's all about fun and games until I hurt somebody
So what you gonna do about it?

I know I said that we'd stay close
Kissing what ? show
Oh hello no, I gotta drop

La dee da dee da dee, we like to party
I know you're here 'cause I flirt with everybody
La dee da dee da dee, we like to party
It's all about fun and games until I hurt somebody
So what you gonna do about it?
So what you gonna do about it?
