

# Anesthetize

## Porcupine Tree

A good impression of myself  
Not much to conceal  
I'm saying nothing  
But I'm saying nothing with feel

I simply am not here  
No way I...  
Shut up, be happy  
Stop whining please

Because of who we are  
We react in mock surprise  
The cure's off, there must be more  
So don't breathe here,  
Don't leave your bags

I simply am not here  
No way I...  
Shut up, be happy  
Stop whining please

The dust in my soul  
Makes me feel the weight in my legs  
My head in the clouds  
And I'm zoning out

I'm watching TV  
But I find it hard to stay conscious  
I'm totally bored  
But I can't switch off

Only apathy from the pills in me  
It's all in me, all in you  
Electricity from the pills in me  
It's all in me, all in you  
Only MTV, cod philosophy

We're lost in the mall  
Shuffling through the stores like zombies  
What is the point?  
What can money buy?

My hand's on a gun  
And I find the range, God tempt me  
What did you say?  
Think I'm passing out

x2  
Only apathy from the pills in me  
It's all in me, all in you  
Electricity from the pills in me  
It's all in me, all in you  
Only MTV, cult philosophy

Water so warm that day (water so warm that day)  
I counted out the waves (I counted out the waves)  
As they broke into shore

I smiled into the sun

The water so warm that day  
I was counting out the waves  
And I followed their short life  
As they broke on the shoreline  
I could see you  
But I couldn't hear you

You were holding your hat in the breeze  
Turning away from me in this moment  
You were stolen as black across the sun

Water so warm that day (water so warm that day)  
I counted out the waves (I counted out the waves)  
As they broke into shore (as they broke into shore)
