

## Colourflow in Mind

Porcupine Tree

I cross the city backwards  
There's a lot of soul to find  
A million ways to loose control  
I've got colourflow in mind

I find a safer haven  
And get myself a line  
Feel the urge to climb the walls  
I've got colourflow in mind

Turn on, tune in, shut down  
It's a way to pass the time  
Check out of my braincell again  
I've got colourflow in mind
