

# Drown With Me

Porcupine Tree

So you have been of use  
And you have been abused

You know you look pale today  
Your lipstick has gone astray

You sold out and lost your looks  
You gave away all your books  
(You should drown with me)

Your coil has been wound up tight  
Unwind it with me tonight

(You should drown with me)

Tyre tracks  
Fresh on the ground  
Where she will be found  
Held under the water

Resting there in a stream  
View from the cold water  
Buried in green  
Orange filter sky

Your drowning in family there  
When will you come up for air

(You should drown with me)

Don't feel you let 'em down  
Cos they have already drowned

(You should drown with me)
