

A Little SADNESS

Porno For Pyros

I got the devil in me
It's a cloud
It's sadness
It's a cloud
I want to find compassion
And I find it vanishes
These thoughts I have they seem
To pass me by
Like a cloud

I was praying
It's a cloud
And hope it's just another form of prayer
It's a cloud

I want to find some laughter
'cause when you laugh they can't kill you
These thoughts i have they seem
To pass me by
Like a cloud

Fuel and release!
Happiness is good for an hour
I fuel and release!
Happiness is good for an hour

I hate him for all the things he's done!
Because i love her so!
I got the devil in me!
It's sadness!
It's a cloud
