

## All My People

Portugal. The Man

Oh oh oh oh deeper in and deeper still use your hands  
like eyes sift around the bottom row and soon will be  
your time keep your hands by your side keep your hands by  
your side I've got my hands on it I've gotta find a way  
out I've got my hands on it I've gotta find a way out to  
bring all my people with me bring all my people with me  
deeper in and deeper still the belly was the bank the  
lion holds the mouth we feed still died at forty-five  
keep your hands by your side keep your hands by your side  
I've got my hands on it I've gotta find a way out I've  
got my hands on it I've gotta find a way out to bring all  
my people with me oh oh oh oh
