

I don't know how we're created  
But I know we all die

Go pick up all your tools and build a roof  
I'll pick up all mine and build one too

I just do as I do  
Yeah I do what I please  
And it's all I can do

I don't know how we're created  
But I know we all die

Listen to the cars just passing through  
Help out all those friends that helped you too

You just do as you do  
Yeah you do as you please  
And it's all you can do  
It's all you can do

I don't know how we're created  
But I know we all die

Open up your arms and hold on to  
Everything you own that owns you too

And just let it all go  
Because we do as we please  
And it's all we can do  
It's all we can do

I don't know how we're created  
But I know we all die  
And it's all we can do
