

Crystal Magic

Portugal. The Man

I found the way out,
But if I told you you'd be down.
And I hate to get you down,
When you're up so high.
And I hate to get you down,
When you're up so high.
And I hate to get you down,
I hate to get you down,
When you're up so high.
So high.
So high.
So high.

Children come in,
Find a seat, you're sure to do.
