

Holy Roller (Hallelujah)

Portugal. The Man

Another day full of sunshine
Another day in the clouds
Yesterday hit the fork in the road
And that road only leads me home

Another day feeling crazy
I try my best to keep my feet on the ground
I'm always running around and around and around and around, alright

You gotta divide it if you wanna find it
If I can add it you can subtract it

I'm not your holy roller (Hallelujah)
I'm not your holy roller,
Bring a message to you (Hallelujah)
Holy roller, you ought to know (Hallelujah)
Yea you best believe, holy roller,
My heart stays at home,
But my soul is on the road with me

Another day feeling lazy
Nothing to do I guess
I'll do my best
I work all day and, sure, I get paid
But I could do without the rest, alright

It's harder to find it
When everyone hides it
I'm just like an addict
I gotta have it

I'm not your holy roller (Hallelujah)
I'm not your holy roller,
Bring a message to you (Hallelujah)
Holy roller, you ought to know (Hallelujah)
Yea you best believe, holy roller,
My heart stays at home,
But my soul is on the road with me

I'm not your holy roller (Hallelujah)
I'm not your holy roller,
Bring a message to you (Hallelujah)
Holy roller

You ought to know
Yea you best believe
My soul stayed at home
'Cause hell's the only thing in me
Man hell's the only thing in me
Man hell's the only thing in me

I'm not your holy roller
Holy roller (Hallelujah)
Holy roller (Hallelujah)
Holy roller (Hallelujah)
I'm not your holy roller

I'm not your holy roller (Hallelujah)
