

Let You Down

Portugal. The Man

It's a shame that we need everything
Still everything I see, I need

Just go,
Please don't go
I, I want all, all, all that I see, see, see

Just go,
Please don't go
'Cause I'll only let you down
And I'll only let you down

And watch the world spinnin' 'round
And know that it's alright, alright,
alright, alright, alright,
Alright

Just go,
Please don't go
'Cause I'll only let you down
And I'll only let you down

And watch the world, watch the world,
Watch the world, watch the world, watch the world

'Cause I'll only let you down
Only let you down
Let you down
