

Sea of Air

Portugal. The Man

It's came the day we found a sea of air
When we went back nothing was there
It towered so tall it nearly left the ground
Still when we looked nothing was found

There was nothing up there no, no nothing at all
Nothing but space nothing but ground
All the things I want and the things I need
When there's nothing but stars looking back at me

But I'll be brave I'll be brave I'll be brave
When the timing comes around I'll be brave yeah I'll be brave
Just let me go now
Let me go now

We've got the whole world hanging there
In our little sea of air
We've got the whole world hanging there
In our little sea of air
We've got the whole world just hanging now
We've got no seed of doubt
We've got the whole world hanging there

When you talk to god about suicide
When you never hear back I hope you're still alive
And the part of you that never cared
Well you can leave it here in the sea of air

But I'll be brave I'll be brave I'll be brave
When the timing comes around I'll be brave yeah I'll be brave
Just let me go now
Let me go now

We've got the whole world hanging there
In our little sea of air
We've got the whole world hanging there
In our little sea of air
We've got the whole world just hanging now
We've got no seed of doubt
We've got the whole world hanging there

In our little
In our little sea of air
In our little
In our little sea of air

We've got the whole world just hanging there
In our little sea of air
We've got the whole world hanging theeeeere

In our little sea of air [x6]
