

# Tidal Wave

Portugal. The Man

I can see it in your eyes  
See it in your face  
Banging on your chest  
Acting tough looking unfazed  
Tripping over landlines  
Cutting deep with a dull blade  
Running out of unrest  
Goin' out of your mind

Lonely days will follow, days will follow  
And the gaze that stuck the halls will know your name

Hit me like a tidal wave (ooooh)  
Triggered by the aftershock  
Hit me like a tidal wave (ooooh)  
Triggered by the aftershock  
(Ooooooh, ooooooh, ooooooooooh)  
Hit me like a tidal wave (ooooh)  
Triggered by the aftershock  
(Aftershock)  
(That aftershock)  
(Triggered by the aftershock)

I can see it with my own eyes  
The tracks down your face  
It can't be easy tryna unwind  
Sleepin' on your day dreams  
I'm not tryna role play  
I keep thinkin' break us take the wheel  
These days can break  
But I'm gonna take the wheel

Hit me like a tidal wave (ooooh)  
Triggered by the aftershock  
Hit me like a tidal wave (ooooh)  
Triggered by the aftershock  
(Ooooooh, ooooooh, ooooooooooh)  
Hit me like a tidal wave (ooooh)  
Triggered by the aftershock  
(Aftershock)  
(That aftershock)  
(Triggered by the aftershock)

Bet on the winners  
Worst of you's born to lose  
Bed with no dinner  
The rest of you's born to lose  
Better than zero  
Worst of you's born to lose  
Bet on the winners

Hit me like a tidal wave (ooooh)  
Triggered by the aftershock  
Hit me like a tidal wave (ooooh)  
Triggered by the aftershock  
(Ooooooh, ooooooh, ooooooooooh)  
Hit me like a tidal wave (ooooh)

Triggered by the aftershock  
(Aftershock)  
(That aftershock)
