## Possessed

Arise from the dead  
Attack from the grave  
The killing won't stop 'til first light  
We'll bring you to hell  
Because we want to enslave  
Your soul will be frozen with fright  
We'll break through the crust  
Leave from our crypts  
Protected by eternal life  
Lay down the laws  
From our satanic scripts  
Bringing you nothing but strife

Death Metal  
Death Metal

Ruling your cities  
Controlling your towns  
Entrapped in your worst nightmare  
Piercing your ears  
With a horrible sound  
Casting my elusive stare  
Lucifer laughs  
His needs are fulfilled  
The flames are now burning hot  
Bodies are burning  
The people are killed  
Torture the reason we fought

Death Metal

Kill them pigs

Now we take over  
And rule by Death Metal  
Enjoy our long-awaited reign  
Blood's what we want  
And we won't settle  
Until we drive you insane  
Attacking the young,  
Killing the old  
Bleeding with every heartbeat  
Darkness has fallen  
And your soul is sold  
Claws will dig into your meat  
When the sun doesn't rise  
And the day is like night  
Know that your life is at its end  
Rendered helpless  
So scream out in fright  
Death Metal came in the wind
