

The Exorcist

Possessed

Possessed by evil hell
Satan's wrath will kill
He will take your soul
Cast you to hell

Demons dog domain
Keeping me insane
Evil curse my soul
Burning away

Satan's hell will burn
Terrored cries are heard
Everlasting eternity
Warriors of hell

Unleashed men of sin
Hatred hell within
Sinners hate will die
The Exorcist

I can see the light
I don't want to burn
Help me save my soul
Let me live

Your curse is not my fear
Demons within me hear
I will escape your wrath

This is not my way,
Doom, sorrow for eternity
Lights shine below in hell
Forever burning

Words of insanity
Scream out the final plea
Evil voices scream out
Help me!

Demons in my body gone
Sicken thoughts left beyond
Haunted by evil memories
Nightmares and sin

My mind is burnt and black
Shadowed, no way back
Fear of living in hell
Axed my mind

Memories held within
Satan's gone in sin
Grasping to relieve the pain
Scarred for life

Exorcism takes control
Beneath my body help my soul

Save my soul from evil hell
Your spell is lost
