I know, I know
I know, I know

Run it up, run it up
Count it up, count it up
95 in my cup, nicotine in my blood
Go run it, run it, count it, count it
Go show me something, ey
Go chuck in that shit, keep on barkin' lil bitch
Bitches tryn' get lit, ey
Rose poppin' with the Balmain on me and I keep on callin'
And they know I don't answer my cell
No I don't know your mama I got so much commas
Girl you know I'm only into myself

Say you flexin' that's a big lie, when I pull up give that bitch my line
And you know that I'ma get mine, yeah yeah
Say you flexin' that's a big lie, when I pull up give that bitch my line
And you know that I'ma get mine, yeah yeah
Say you flexin' that's a big lie, say you got the shit you don't got
Heard you day that shit a hundred times, yeah yeah
Say you flexin' that's a big lie, say you flexin' that's a big lie
Say you flexin' that's a big lie, say you flexin' that's a big lie

Valet the park on the whip, the cattie the 76
My woman gon box on a bitch, they don't want no part in that shit

And you know that I'ma get mine, yeah yeah
Say you flexin' that's a big lie, when I pull up give that bitch my line
And you know that I'ma get mine, yeah yeah
Say you flexin' that's a big lie, say you got the shit you don't got
