

Hollywood Dreams / Come Down

Post Malone

I'm in a four door down rodeo
I'm getting fucked up, I'm losing control
I'm bumping Fleetwood, she tryna turn off my song
She keep asking where the party at
I got a flask full of vodka in my passenger seat
My homie got a mansion says that we could crash it for free
We gotta take the phones because we can't let nobody see
We pop a pill since you ain't have not a thing to eat

Thunder only happens when it's raining
And players only love you when they are playing
Say women, they will come and they will go
When the rain washes you clean you will know
You will know
You will know
You will know
You will know
Cuz I got dreams, don't hold me down
So I'mma let you free, don't wanna hold you out
I'mma leave when the sun comes
Thunder only happens when it's raining
And players only love you when the're playing
Say women, they will come and they will go

I thought that I would learn by now
I thought that I would never come down
Just last night we was going so hard
But now I can't feel my heart
Let me down easy, don't let me down rough
Don't let me go to sleep, getting up is gon' be tough
They was all actin sleazy, they all said I was the one
And with any damn luck, I'mma wake up with the sun
Hope I wake up with the sun this morning
I hope I wake up with the sun this morning

And let it pour, let it pour, let it pour let me roll
Man, I'm on a roll I'm so up in my zone
They thought that I was fuckin done with Iverson
But I'm still ballin on these bitches, let them know
I just want everything, I want it all in advance
They just want me to call it quits
Ho we just roll up a cig
Lil Posty don't fuck with y'all
Never been fuckin with y'all
We pull up they standing in awe
Yeah your bitch she know who we are

I thought that I would learn by now
I thought that I would never come down
Just last night we was going so hard
But now I can't feel my heart
Let me down easy, don't let me down rough
Don't let me go to sleep, getting up is gonna be tough
They was all actin sleazy, they all said I was the one
And with any damn luck, I'mma wake up with the sun
Hope I wake up with the sun this morning
I hope I wake up with the sun this morning
