

Beg if you please, begging for hell
a negative plea and no one to help
What did you say? They raped you today
How do you feel? I hate you that way

Why?

Running the bush, snake in the grass
Promising this, promising that
Taking a tisket, taking a tasket
Curse of the tomb, curse of the tomb

Why?

For so long I'm consumed
by the evil below, by the evil below
All of you read my mind
What's a man gonna do, what's a man gonna do?

Cry!
