

## Saul

Pothead

Beg if you please, begging for hell  
a negative plea and no one to help  
What did you say? They raped you today  
How do you feel? I hate you that way

Why?

Running the bush, snake in the grass  
Promising this, promising that  
Taking a tisket, taking a tasket  
Curse of the tomb, curse of the tomb

Why?

For so long I'm consumed  
by the evil below, by the evil below  
All of you read my mind  
What's a man gonna do, what's a man gonna do?

Cry!
