

You Should Talk

Pothead

Let me know, say I got some trouble then
Let me know, jus a give it to me
You say I'm all messed up on myself
You should be the one to talk
'cause what I do is just a what I do
Like the sun and the moon

"Let me down", my, my mama said
A little too much just on my mind
Say I got some problem baby
You should be the one to talk
