

When I was young when I was free
When I was never wrong
Happy with myself happy with my life
Never having doubts
And losing my youth losing my teens
Really makes me scared
And having a friend having a love isn't anything

I want you to stay
I want you to stay here with me
I want you to stay
I want you to stay here with me
With me

So we grow old so we get tired
And we lose our minds
Unhappy with ourselves unhappy with life
Living in constant doubt

And losing his wife and living alone
Really makes him scared
And watching the rain and catching the snow
Could mean everything

I want you to stay
I want you to stay here with me
I want you to stay
I want you to stay here with me
With me

She was your life she was your love
She was your everything
She was your life she was your love
She was your everything
But now you're on your own
Now you're so alone
How does it really feel?
Cause now that she's dead
Now that she's gone
Does it feel so real?

I want you to stay
I want you to stay here with me
I want you to stay
I want you to stay here with me
With me
