

# Sacrifice

## Power Quest

I saw it in your eyes  
You left me paralysed  
Now I can't remember how I felt before  
Was it all in vain?  
Another losing game  
I can feel the fire that rages in my heart

This ain't the time to be afraid  
You're not the only one who feels this way

[Chorus:]

Sacrifice - sacrifice my life  
To be with you tonight  
Sacrifice - nowhere left to hide  
I need you by my side  
Sacrifice - all the wrongs seem right  
Don't leave me here alone  
Sacrifice - steal away my soul  
I want you to know

[Solo / Interlude]

It's only you and me  
The way it's meant to be  
It was written long ago before we walked the earth  
I will depend on you  
For you to pull me through  
Climb the highest mountain to be right by your side

[Chorus]

[Solo / Interlude]

This ain't the time to be afraid  
You're not the only one who feels this way

[Chorus]
