

# Top of the World

Powerman 5000

Oh Yeah! Yay!  
Baby, baby!

Look around  
Look around  
Tell me what you see  
It's going down without you

Look around  
Look around  
Show me anything  
That makes you feel like I wanna belong

What have you got  
What do you need (from me now)  
What do you think  
There's no difference between me and you

Hey!  
What's on top of the world when you get there  
What's on top of the world (hey, hey!)  
What's on top of the world when you get there  
What's on top of the world

Step it up  
Step it up  
Before you disappear  
I'll crawl a mile 'neath your shoes

Step it up  
Step it up  
It's the payback  
The fix told you what you needed to do

What have you got  
What do you need (from me now)  
What do you think  
There's no difference between me and you

Hey!  
What's on top of the world when you get there  
What's on top of the world (hey, hey!)  
What's on top of the world when you get there  
What's on top of the world

What's on top of the (hey!)  
What's on top of the (hey!)  
What's on top of the world (hey, hey!)

What's on top of the world  
When you get there  
Waiting for me

Hey!  
What's on top of the world when you get there  
What's on top of the world (hey, hey!)  
What's on top of the world when you get there

What's on top of the world

What's on top of the (hey!)

What's on top of the (hey!)

What's on top of the world (hey, hey!)

What's on top of the world

When you get there

And who's selling it to me

It's here

It's gone

The sound

Its gotcha

It's here

It's gone

The sound

Its gotcha

It's here

It's gone

The sound

Its gotcha

It's here

It's gone

The sound
