

# All You Can Bleed

Powerwolf

All night, fill me up  
for the harvest of your veins we seek you  
Outright, spill the sap, all alone where we appear  
Don't you try to hide  
by the sermon of the holy week,  
you're born to cast aside, see the final time is near

Ex Christus, Ex corpus  
sanguinem malum  
Ex sanguis, sanctorum  
sacramental greed

All you can bleed  
in the sacrament of god we drink up  
all you can bleed  
no remorse  
all you can bleed  
in the midnight mass we celebrate you  
all you can bleed  
Christ by force

Break up, draw the line  
to the underworld where we belong, you  
can't stop, might divine, we are spineless when you bleed  
inflamm dynamite  
for the mind is weak and lust is strong, all  
mores, we override, for we are the undead seed

Ex Christus, Ex corpus  
sanguinem malum  
Ex sanguis, sanctorum  
sacramental greed

All you can bleed  
in the sacrament of god we drink up  
all you can bleed  
no remorse  
all you can bleed  
in the midnight mass we celebrate you  
all you can bleed  
Christ by force

All you can bleed  
sanguis in dominus  
All you can bledd  
Halleluja  
All you can bleed  
sanguis in dominus  
All you can bledd  
Halleluja

All you can bleed  
in the sacrament of god we drink up  
all you can bleed  
no remorse  
all you can bleed  
in the midnight mass we celebrate you

all you can bleed  
Christ by force
