

We Came to Take Your Souls

Powerwolf

You know when I live on a saturday night We came to take your souls
My heart is broken and I leave you to fight We came to take your souls
I see in a law and I come out to fight We came to take your souls

You know when I live on a saturday night We came to take your souls
My heart is broken and I leave you to fight We came to take your souls
I see in a law and I come out to fight We came to take your souls

And you will live on [?] The time you will [?] We wanna live long and [?]
You take my soul and I'm feeling each other [?]

Down on the knees and I come out to take We came to take your souls
I wanna live and I'm feeling this way We came to take your souls

And you will live on The time you will [?] We wanna live long and [?]
You take my soul and I'm feeling it each other [?]
