

Tame Your Demons

Powerworld

Verse 1

Sail across the seven seas of life,
going all the way, but truth is hard to find.
Make believe that wrong is right,
all memories left too far behind.

Pre-chorus

Imperious minds,
twist and turn the wheels of life.
Come and see the pain, don't turn away,
there's something on the way.

Chorus

Ashes to dust, stranger in all of us.
Tame your demons down - Tame your demons.
Taking control, affecting your soul.
Tame your demons now - Oh, lord now.

Verse 2

Hidden goals and tangled lies.
Your sins approved behind sweet disguise.
Have you ever thought about the day.
When the curtain falls, your game will fail.

Pre-chorus

Delirious minds,
just spread their crap and blind your eyes.
Go break the rules, don't be a fool,
recall your attitude.

Chorus

Ashes to dust, stranger in all of us.
Tame your demons down - Tame your demons.
Taking control, affecting your soul.
Tame your demons now.

Solo

Ah, come on now.

Pre-chorus

Come and see the pain, don't turn away,
there's something on the way.

Chorus

Ashes to dust, stranger in all of us.
Tame your demons down.
Taking control, affecting your soul.
Tame your demons now - Oh, lord.

Chorus

Ashes to dust, stranger in all of us.
Tame your demons down - Tame your demons.
Taking control, affecting your soul.
Tame your, tame your demons.
