# Weightless

**Prefab Sprout**

Who was Yuri Gagarin ?
He was the first man in funky bass, space
Somewhere among the stars tonight my heart
Floats like a Russian satellite

Weightless, love is a pure sensation
Weightless, I feel like Yuri Gagarin
Somewhere among the stars tonight
I call out to a passing fireball

Weightless, love is a pure sensation
Weightless, I feel like Yuri Gagarin
Weightless among the stars tonight
Weightless among the stars

Love put me in space way above the trees
Listen NASA can you get my heart back please?
Weightless among the stars tonight
Weightless among the stars

Love has given me a new slant on it all
The Galaxy's a nightclub, Earth's a mirror ball!
Weightless

Somewhere among the stars tonight I spin
And only you can reel me in
Weightless, love is a pure sensation
Weightless, I feel like Yuri, I feel like Yuri Gagarin
Gagarin, Gagarin, Gagarin
