

Hotter Than You Know

Preluders

Every girl seems to have their eye on you
And I think you know it boy
If you think I'm gonna try and join the queue
Then you get another thing coming
I like to think of me as the kind of girl
Who never has to chase her prey
And ain't it hard to see
I reel them in from day to day

That's just the way it is
If you wanna get my kiss
I'm not your average girl
There's more to this

I'm hotter than you know
I'm indestructible
I've got this game on lock
I'm everything that your girl's not
I'm a flame that won't burn out
I stand out from the crowd
So forget what you've been told
I'm hotter than you know

I really didn't mean to stop your flow
Just something I think you should know
If you're gonna try and step to me
Better come correctly
Just put in work
Give me something I ain't heard before
And if I like what I hear
Then maybe we can talk

That's just the way it is
If you wanna get my kiss
I'm not your average girl
There's more to this

I'm hotter than you know
I'm indestructible
I've got this game on lock
I'm everything that your girl's not
I'm a flame that won't burn out
I stand out from the crowd
So forget what you've been told
I'm hotter than you know

That's just the way it goes
Don't wanna stop your flow
But I have to let you know
Forget what you've been told
Oh oh oh
(I'm hotter than you know)

I'm hotter than you know
I'm indestructible
I've got this game on lock
I'm everything that your girl's not

I'm a flame that won't burn out
I stand out from the crowd
So forget what you've been told
I'm hotter than you know
