## The Pretenders

Rosalee  
Where you been so long?  
Rosalee, Rosalee  
Where you been so long?  
When you smile at me  
All the lights come on.

Stop!

Rosalee, Rosalee  
Come and dance with me again  
Rosalee, Rosalee  
Come and dance with me again  
You're my one true love,  
You're my oldest friend

It don't matter now  
Who was right and who was wrong  
It don't matter now  
Who was right and who was wrong  
Because you're here with me  
I'm back where I belong

Rosa, come out here  
in the summer night  
Can you see out there,  
Almost out of sight?  
Your lovin' calls to me  
Like that far distant light

Yeah!

OOOh Ro-o-o-o-o-o-o-sa

Again
