

Genuinely Bad

Pretty Balanced

he was a sly one
he always wanted to explore us
he liked the ladies
he liked the gentlemen as well
he pushed my patience to the limits and he
he took my confidence as well
he tried so hard to make us love him
and we did

he ate at whole world
he made us think he was a shy one
he tied us down then
he knew we never thought he'd lie
he pushed my patience to the limits and he
he took my confidence as well
yes he did
he tried so hard to make us love him
and we did

there are apologies
well-hidden in the lies but they exist
don't try to say he didn't mean to hurt us
we both know he did
but there's a point at which you
realize that nobody is
all bad
all bad
all bad

we know he used us
not just our money but emotions
we might recover
if only he could but he can't
he pushed my patience to the limits and he
he took my confidence as well
yes he did
he tried so hard to make us love him
and we did

there are apologies
well-hidden in the lies but they exist
don't try to say he didn't mean to hurt us
we both know he did
but there's a point at which you
realize that nobody is
all bad
all bad
all bad
