

# Anything Worth doing is Worth Overdoing

Pretty Maids

Life in the fast lane  
Living against the law  
Riding the Speedtrain  
Life is worth dying for

When I take off from here  
The only way is up  
My principals are clear  
Too much is not enough

'cause anything worth doing  
And all that is worthwhile  
Is worth overdoing  
And this is my style  
Dancing on the edge  
I feel alive

Chasin' the red light  
Drawn by the dangersigns  
Spaced out on the wildside  
Crossing the dividing line

And when the night rolls on  
I need some fuel to run  
I'll be the last man standing  
When all the rest has gone

[Chorus]

Life in extreeme  
It's my playground my scene  
I'll enjoy every moment in time  
Taking the scars  
As I burn out my star  
'cause I wont live by others designs

[solo]

I am a firecracker  
Ready to explode  
And I am blazing  
Crazy  
Right till the end of the road

[Chorus]
