

# Beautiful Madness

Pretty Maids

Well you can knock me you  
And you can bring me down  
I'll get up and I'll be back on my feet again  
I'm living here and now  
I love to live out loud  
Gonna take it to the max till the bitter end

You gotta roll with the punches  
Never lower your parades  
You another day wasted  
Is better than a wasted day

It's a beautiful madness  
The life I've been giving  
A beautiful mess  
The way that I'm living  
A beautiful madness  
A beautiful life  
It goes on and on  
It goes on till the day that I die

I've had my crazy ways  
Too many hazy days  
I really had my share of missed opportunities  
But there'll be no regrets  
Cause when it comes to it  
I lived the life I love to live I'm forever free

There must be a guardian angel  
Who's watching over me  
Some kind of beautiful stranger  
Who wants me to be

It's a beautiful madness  
The life I've been giving  
A beautiful mess  
The way that I'm living  
A beautiful madness  
A beautiful life  
It goes on and on  
It goes on till the day that I die

You gotta roll with the punches  
Never lower your parades  
Gonna take it as it comes yeah  
Don't let it get to waste
