

Bullet for You

Pretty Maids

Enter my heart
I beg for you girl
Come be the spark
That light up my world
Let's drown in a dream
Let me hear you say yes
That's all that I need
The message I miss

Risk your emotions
It's all open wide
And I'll be your soulmate
Right by your side
I'll be there for you baby
When the darkness falls
Come to your rescue
Whenever you call

Baby I'll be your rock
Your knight shining armor
Girl there is not a thing
That I wouldn't do
Nothing can stop
This fire in my heart and
You know that it's true
I'd take a bullet for you

Let's fall into
Something divine
A moment with you
Is like a thrill of a lifetime
Let's take this chance
This feeling so strong
Pledge our romance
And melt into one

Baby I'll be your rock
Your knight shining armor
Girl there is not a thing
That I wouldn't do
Nothing can stop
This fire in my heart and
You know that it's true
I'd take a bullet for you
