

The Iceman

Pretty Maids

I pick my prey by random
I kill without compassion
I feast on flesh and blood
The contract pays the bills
The constant need to kill
You'll bleed and be left to rot

With no remorse and no regrets
I'll make you suffer till you're dead
The devils right hand

I'm comin to destroy yer'
The iceman's comin for yer'
Evil is my truth
I'm malice hate and horror
I'll cause you pain and torture
Hell awaits for you

I come out loose and leathal
Impersonating evil
I rage in a violent haze
Avenger of all darkness
The messenger of death
Inhuman and depraved

There ain't no mercy to your pleas
The last thing you see will be me
In your dying hour

I'm comin to destroy yer'
The iceman's comin for yer'
Evil is my truth
I'm malice hate and horror
I'll cause you pain and torture
Hell awaits for you

Bussed by the devil
Abandoned by god
cursed is my my blackened soul
Your pain is my pleasure
The hunger for blood
Watching your body goes cold

I'm comin to destroy yer'
The iceman's comin for yer'
Evil is my truth
I'm malice hate and horror
I'll cause you pain and torture
Hell awaits for you

You cannot run
