

# Never Let You Go

Pretty Ricky

Baby girlllll (Baby girl take ya time)  
Baby girl take ya time (baby girl take ya time)  
Please don't rush and go (don't rush and go)  
I can never let you leave (I can never let you leave)  
And I don't wanna have to see ya go

[Chorus]

No, No I can't let you go  
No, No I can't let you go  
No, No I can't let you go  
No, No I can't let you go

See I'm the life of the party  
The flashy dude on the scene  
I had the way with the ladies since the age of 13  
See I go city to city and it's the same old thang  
Dis girl dat girl so many beautiful queens (yep yep)  
Now I can't say that me fighting temptation ain't hard  
But I never let another chick to come tear us apart girl  
You know you got ya name tattooed on my heart  
Real talk that's how I feel you've been my lady from the start

[Chorus]

Baby girl don't leave I need somebody right here to help me smooth th  
ings out  
Like coming home off the road from touring to a happy house  
See that what I'm talkin bout  
See I'm givin you the benefit of the doubt you getting all mad and go  
t me sleepin on the couch  
You trying to get chicken but right here you got steak  
Stop trying to break up somethin good ya gotta have faith  
Cuz its in god's hands plus I'm being a bigger man  
And I'm a veteran come on girl give me one mo chance

[Chorus]

You was there before da deal  
Me and you was like jack and jill  
All I wanted was a varsity jacket and a yearbook to remember the year  
s  
See you stopped believing in me when I needed you the most  
But you want a weddin ring the most I propose is a toast  
I was beggin you to stay pleading wit you not to leave  
But you left me anyway and all that I can do is grieve  
I thought I needed you thought I couldn't be anythin without you  
Now I'm the one you beggin to because I made it without you

Ooooo you're in my heart, you're in my soul, you're on my mind, all t  
he time  
You're in my heart you're in me soul you're on my mind all the time

[Chorus]
