You, you prolly want to go out  
So go on and do whatchu do

So go on and do whatchu do

Come in on a late night  
Somethin just ain't right  
'Cause what do I see (I see)  
My girl gettin dressed up  
But she got me messed up, thought she stayin' home with me (with me)  
She say her and her friends goin' out, bout to hit the club  
Jeep pull up she was on her way (her way)  
I kissed her on the cheek so sweet  
Boo I love you, have a nice day

It's a shame what a man might do when his girl is gone (ah yea)  
First thing that we do is immediately pick up the phone (look)  
Call up my partners sister  
Tryin' to see what's poppin' (poppin')  
(look) I just went shoppin' (shoppin')  
It ain't no stoppin'  
'Cause I'ma playa (playa)  
What can I saya (saya)  
I'ma hit the streets with matchin' suits and gators (yea)

I, I know whatchu thinkin' 'bout  
You, you prolly want to go out  
So go on and do whatchu do  
I'm thinkin' the same thing too

So now I got my clothes on  
Of course I got my fro's on  
Hata's can't stop my shine (my shine)  
And you know I ride that hummer thang  
Suella don't maintain  
Lookin' for that girl of mine (of mine)  
Pull up in V.I.P. see what's poppin  
It ain't no stoppin' til the panties droppin  
And you know I'm with the frontline(frontline)  
It ain't no stoppin' (no, no, no, no, oh, oh, oh)

Dirty look, bro come on what we doin' next?
