

## It's Criminal

## Pride of Lions

You let it slip right through your fingers  
You let the moment disappear without a trace  
Now the photograph is faded  
and the smile you wore seems sadly out of place

Some nights  
when you feel that you're the only one who bleeds  
Reach out  
when you doubt the love you really need

It's criminal  
to possess the key to life yet be so cynical  
To deny the possibility, it's criminal  
to let the chances of a lifetime  
pass you by

Every picture tells a story  
I hear the sound of desperation in your voice  
It's a broken road to glory  
and we lose if we refuse to make a choice

Someday  
when you least expect it love will come to you  
Reach out  
when you let the pressure get to you

It's criminal  
to possess the key to life yet be so cynical  
To deny the possibility, it's criminal  
to let the chances of a lifetime  
pass you by

Tell your heart to stop the stalling  
S.O.S. your life is calling  
Spread your wings for all the world to see  
Illuminate your darkened corners  
Celebrate each brand new morning  
Be the light we all were born to be

Some nights  
when you least expect it love will come to you  
Reach out  
don't let the music catch you cryin'  
To let it catch you cryin'

It's criminal  
to possess the key to life yet be so cynical  
To deny the possibility, it's criminal  
to let the chances of a lifetime  
pass you by

Don't let it pass you by  
(don't let it pass you by)  
It's criminal  
(don't let it slip through your fingers)  
Don't let the music catch you cryin'  
(don't let it catch you cryin')
