We like the cars, the cars that go boom

We like the cars, the cars that go boom  
We're Jessi and Nelle and we like the boom

Talk to me boy, tell me what you want  
Walk with me baby, show me what you got  
Do your rims shine bright on the side?  
Will they make me bounce bounce when I ride?

Roll with me boy, do you got enough gas?  
Let me mess with you baby if you got an S-Class  
Do you got enough room in the back?  
Navigation show you where my spot at

Slide to the right, slide, slide to the right  
Swerve to the left now, swerve to the left  
Gas break, gas break  
Woah, let me catch my breath

We like the cars, the cars that go boom  
We're Jessi and Nelle and we like the boom, Prima J  
We like the cars, the cars that go boom  
We're Jessi and Nelle and we like the boom

Gotta have that bass bump I like it real loud  
Bump, bump, bump, bump  
Make the top drop down  
Ridin' low, grip the wheel real tight  
Please don't crash when I ride all night

Wanna make it lean, wanna make it scream  
Wanna make it rock, wanna make it hot  
Don't skip that track, don't turn it down  
'Cause we're rollin' with the homies

Slide to the right, slide, slide to the right  
Swerve to the left now, swerve to the left  
Gas break, gas break  
Woah, let me catch my breath

Slide to the right, slide, slide to the right  
Swerve to the left now, swerve to the left  
Gas break, gas break  
Woah, let me catch my breath

We like the cars, the cars that go boom  
We're Jessi and Nelle and we like the boom, Prima J  
We like the cars, the cars that go boom  
We're Jessi and Nelle and we like the boom

Nelle like it, Jessi like it, all my girls you know like it  
Cali and Miami like that boom, boom  
Atlanta like it, New York like it, chicks in the Midwest they like it  
Your mama and your granny like that boom boom
