

# Girlfriend

Prima J

First of all let me say that you been real cool  
I enjoyed spending my time with you  
Sometimes when you ain't around I miss you  
And that ain't regular wit me  
Sometimes you be acting like the last dude  
and every time you come over  
You only past through  
Got a couple of questions I wanna ask you  
So could you be up front with me

Why is it that I can't never come over to your house  
He gotta Girlfriend  
And why is it that I can't never leave a message on your phone  
He gotta Girlfriend

If you gotta Girlfriend  
Say ya gotta Girlfriend  
Don't play wit my feelings  
You can keep it real man  
All you had to do was let me know  
From the beginning that you have a Girl

Why can't I ever catch you at night  
Cell phone be off after nine  
Tyra said these are the Tell-Tell signs  
To let you know that he stay with his Girl  
How come when ever we go on a date  
You never got time to finish your plate  
If you think you fooling me you ain't  
I just wanted to see what you was gone say

Why is it that I can't never come over to your house  
He gotta Girlfriend  
And why is it that I can't never leave a message on your phone  
He gotta Girlfriend

If you gotta Girlfriend  
Say ya gotta Girlfriend  
Don't play wit my feelings  
You can keep it real man  
All you had to do was let me know  
From the beginning that you have a Girl

I'm not the type to be all lovey dovey  
Falling in love wit someone else's man  
That ain't right  
Cause the same old thing could happen to me one day  
If you gotta girl I'm sorry  
I just can't kick it wit you  
You know you is dead wrong

You need to go to your baby girl  
Caue you won't get no where fooling around wit me  
Messing around on your baby girl  
Cause you're never talking to me (never ever)

Why is it that I can't never come over to your house

He gotta Girlfriend  
And why is it that I can't never leave a message on your phone  
He gotta Girlfriend

If you gotta Girlfriend  
Say ya gotta Girlfriend  
Don't play wit my feelings  
You can keep it real man  
All you had to do was let me know  
From the beginning that you have a Girl

You could have told me  
What was you thinking  
Oh what you thought I was a bum  
Oh you thought I was Dumb  
Come on, Nah  
You know what  
you lie so much  
I bet yo name ain't even Shawn
