

The valley of darkness  
A place hostile and cold  
There's no light where the dark makes you fear

Many souls lost their spirit  
Many heroes have died  
This is a war without frontier

Carniwar  
You're dead if you're not fast enough  
Carniwar  
Your life hangs by a thread  
Carniwar  
Your life is just a piece of crap  
Carniwar  
You might as well be dead

You might win if you are strong  
You might loose if you are weak  
Close your eyes when you take your last breath

Feel the cold of the winter  
Feel the heat of the fire  
Cannibal warfare diabolic death

We're trapped in this jungle  
This hell will drive me insane

Carniwar  
You're dead if you're not fast enough  
Carniwar  
Your life hangs by a thread  
Carniwar  
Your life is just a piece of crap  
Carniwar  
You might as well be dead
