

Cry Havoc

Primal Fear

Jimmy needed some stitches
But it was never too late to die
Danny found his fame
And ended up in pain
The rats came out at night
And they deserve this special fight
In my lethal weapon
You heard them like a snipe fight
The rain keeps pouring down
We're heading towards that town
It's not too late,
It's never too late
Don't f**k with my life
I need a miracle to survive
I will wash my blood away
And I'm using holy water
The world will never be
What I've expected from my life
Looks as cold as ice
With fire at my burning knife
I'm not your broken man
'Cause that's what you want me to be
Before I die tonight
I will destroy your breed
There's a way to disappear
Have a fight and then get out of here
Don't want to see this monster every day
Don't f**k with my life
I need a miracle to survive
I will wash my blood away
And I'm using holy water
As I might lie on the ground
You need to kick me upside down
Your evil nightmare
Will dry hevolt(?) and remain here
The rain keeps pouring down
We're heading towards that town
It's not too late,
It's never too late
Don't f**k with my life
I need a miracle to survive
I will wash my blood away
And I'm using holy water
As I might lie on the ground
You need to kick me upside down
Your evil nightmare
Will dry hevolt(?) and remain here
