Hatred in My Soul

They've been hunting me, They have prisoned me The put torture on my mind Down in this dark hole, every night alone A place where generations died

Ain't dead yet - I'm still alive They gonna pay the price Hatred in my soul I'm a beast come feel my anger Take my vengeance And i swear to my self - i'm gonna get you you gonna pay for your crime

Voices in my ears, crying out in fear It's the point of no return Ain't dead yet - i'm still alive They gonna pay the price

Hatred in my soul I'm a beast come feel my anger Take my vengeance And i swear to my self - i'm gonna get you you gonna pay for your crime

Just out of hand, In this god damned land Now this place is gonna burn Ain't dead yet - i'm still alive They gonna pay the price

Hatred in my soul I'm a beast come feel my anger Take my vengeance And i swear to my self - i'm gonna get you you gonna pay for your crime
