

# Lightyears From Home

Primal Fear

'S Our Gift - A Curse  
Our Blood Coloured In Black  
Nobody Knows - Nobody Cares  
We're Under Attack

Every Man Before He Dies  
Shall See The Devil  
Our Life Was Far From Safe

We See What They See  
We Feel What They Feel  
Where Ever We May Roam  
We Live In Fear And  
We Are Lightyears From Home

Five Souls Waiting For A Sign  
In Silence  
Oh Lord Save Our Troubled Souls, Cover The Darkness

Every Man Before He Dies  
Shall See The Devil  
Our Life Was Far From Safe

We See What They See  
We Feel What They Feel  
Where Ever We May Roam  
We Live In Fear And  
We Are Lightyears From Home

We Had This Dream, We Fear Most  
But Would You Capture Me Still  
There's Our Chance To Escape  
Our Mission Could Be Fullfilled

Every Man Before He Dies  
Shall See The Devil  
Our Life Was Far From Safe

We See What They See  
We Feel What They Feel  
Where Ever We May Roam  
We Live In Fear And  
We Are Lightyears From Home
