

Lightyears From Home

Primal Fear

'S Our Gift - A Curse
Our Blood Coloured In Black
Nobody Knows - Nobody Cares
We're Under Attack

Every Man Before He Dies
Shall See The Devil
Our Life Was Far From Safe

We See What They See
We Feel What They Feel
Where Ever We May Roam
We Live In Fear And
We Are Lightyears From Home

Five Souls Waiting For A Sign
In Silence
Oh Lord Save Our Troubled Souls, Cover The Darkness

Every Man Before He Dies
Shall See The Devil
Our Life Was Far From Safe

We See What They See
We Feel What They Feel
Where Ever We May Roam
We Live In Fear And
We Are Lightyears From Home

We Had This Dream, We Fear Most
But Would You Capture Me Still
There's Our Chance To Escape
Our Mission Could Be Fullfilled

Every Man Before He Dies
Shall See The Devil
Our Life Was Far From Safe

We See What They See
We Feel What They Feel
Where Ever We May Roam
We Live In Fear And
We Are Lightyears From Home
