

## Metal Is Forever

Primal Fear

Free choices always had the chance  
To play the music you like true and faithful  
You support this sound and rhythm  
You back up it's future from deep in your heart

Faster beats are pounding  
While the fans are shouting

Metal is forever  
In every single matter  
Metal is forever  
Nations come together

Excited - when you go to see a show  
Your feelings arise  
Committed - You became a fan forever  
Knowing the words you sing all the tunes

Faster beats are pounding  
Glowing tubes - high sounding

Metal is forever  
In every single matter  
Metal is forever  
Nations come together

Faster beats are pounding  
Screaming voices - howling

Metal is forever  
In every single matter  
Metal is forever  
Nations come together
