

Give Out But Don't Give Up

Primal Scream

Give out but don't give up
Give out but don't you give up
(2x)

When I'm feelin' down
Your love is a pick-me-up
And what comes around went that way
And when I'm not feeling up to par
You come along and there you are
Giving me the strength
Giving it all I have to give
Giving me the strength

Give out but don't give up
Give out but don't you give up

Just one kiss, I get the strength to carry on
Your smile makes it all worthwhile

Just one kiss, I get the strength to carry on
When I'm feeling down
Your love is a pick-me-up
And what comes around went that way

Give out but don't give up
Give out but don't you give up
(2x)

Give out but don't give up (2x)

Just one kiss, well now, you give me this load
And I can't take it
Just one kiss, I get the strength to carry on
Your kiss, give me the strength to carry on
Your smile makes it all worthwhile
