

## Goodbye Johnny

Primal Scream

Johnny  
Everybody's drunk in the world below  
Johnny  
It's a soundless sound when the sun don't show  
The nights up there like the great escape  
To push me down  
How it suffocates

Goodbye Johnny  
Goodbye Johnny  
Goodbye Johnny

Johnny  
I've been turning bad everyday  
Johnny  
I'd go across the world but not away  
There's nobody who looks like her  
There is nobody who can be like her

Goodbye Johnny  
Goodbye Johnny  
Goodbye Johnny

Cant' see no colour  
No black, no red  
Can't hear anything  
Anybody says  
Oh how the passion is crushed under the sky  
Oh how I hate everything that is mine

Goodbye Johnny

Johnny  
Everybody's drunk in the world below  
Johnny  
It's a soundless sound when the sun don't show  
Somebody mate it and I just can't fit  
And here's the excuse I have for it

Goodbye Johnny (7x)
